Summary of Expertise

Eight years of experience in Hospital Chronic Pain/Opioid policy at two Harvard-affiliated medical centers. Led a multi-disciplinary group of addiction experts and hospital leaders to create first-of-its-kind hospital-wide Primary Care pain policy at Massachusetts General Hospital (MGH). Responsible for developing chronic pain policy in primary care practices. Experience using Electronic Medical Records to improve quality. Ten years of experience as a medical consultant and collaborator for the MGH Virtual Practice Project- using virtual technology and biofeedback to deliver medical advice and engage with and improve the health of patients. Experienced speaker and presenter.

Board Certified in Internal Medicine with 15 years of clinical experience as a primary care physician. Career-long educator, able to communicate to patients, lawyers, and jury members, about complex medical issues in easy to understand terms. Instructor, Harvard Medical School, 2006-2018. Currently serving as elected member of the Massachusetts Medical Society's Committee on Ethics, Grievances and Professional Standards. Also, a current member on the Special Commission to Study Medication-Assisted Treatment for Opioid Use Disorder in the Commonwealth of Massachusetts.

Experienced expert witness. Reviewed multiple malpractice and personal injury cases for both plaintiffs and defendants.
